Veneer wood panels from **Poland**

FENIX tabletops

Italian elegance for your home

Discover the beauty and quality of FENIX tabletops, straight from Italy. These innovative surfaces not only offer a timeless design but are also highly resistant to scratches, fingerprints, and heat. Perfect for modern and stylish interiors—give your home a distinctive Italian touch with FENIX.

TheBossco OLED Technology

The desk moves quietly and swiftly with the OLED display control at a speed of 50 mm/s, reaching your preferred height in less than 6 seconds. Two-stage lifting columns with a 125 kg load capacity allow for height adjustment from 60 to 125 cm. The operating noise level remains below 48 dB. Enjoy the benefits of an instant height change without delays.
